## Gizo

Only a 90minute flight from the capital Honiara, the island of Gizo is a tropical treasure trove blessed with sun-drenched lagoons, coral cays, volcanic islands and pristine waters. The main street of Gizo dotted with small stores, restaurants and an open-air market runs along the waterfront. Views in every direction show palm tree, studied islands ringed by coral reef and clear waters.

### Scuba Diving:

Scuba diving is the main tourist activity in Gizo. The dive sites include shallow lagoons with fringing reefs, dramatic, vertical walls and drop-offs, to intriguing sunken war wrecks such as the 140m Japanese transport Toa Maru. With an average water temperature of 28C and visibility over 20m, diving Gizo will satisfy any diver whether they are beginners or advanced divers.
